PAST CHAIRMEN, please attend and be recognized.

Be prepared to make known, the subjects and potential speakers that you would like to hear at upcoming meetings.

We are preparing the nomination of our Chairman, Mr. Ed Edgerton, for the Phillip D. Johnson, Honorary Member and Gold Medal Award in 2008. We need your inputs and support. The award requires nomination or petition signed by a minimum of 10 members from at least three local Sections. Your inputs are critical to our successful nomination.

During the summer, please consider the program for the coming Section year. We need help to meet the needs of all Section members.

Materials Evaluation and TNT (The NDT Technician) are seeking papers.

This is an opportunity to build your resume.

Each of use has a unique story to tell. This is our forum.
