“NDT APPLICATIONS OF FLUORESCENT LIQUID PENETRANT AND WET MAGNETIC PARTICLES TO AIRCRAFT CREW SEATS PRODUCTION AND EJECTION SEATS PRODUCTION.”

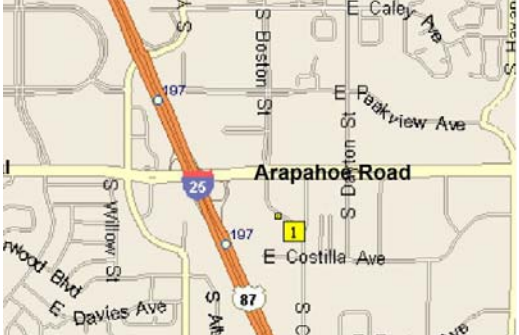

SPEAKER: *Mr. Mehmed Kreso*

Mr. Kreso graduated with a BS in Mechanical Engineering from the University of Mostar, Bosnia and Herzegovina, and worked at the Aircraft Industry “Soko” Mostar as a Mechanical Engineer for approximately 12 years, in different positions, as Quality Engineer, Design Engineer, Manager in Engineering, and as one of Management Directors.

He currently works for Goodrich Interiors, Specialty Seating Systems, in Colorado Springs, Colorado, as a designated responsible ASNT NDT Level 3 in Magnetic Particle and Penetrant Testing Methods. He has been an ASNT member for the last 8 years.

PROGRAM

This is a “Back to Basics” presentation on practical applications to current high technology hardware that is produced in Colorado. We are fortunate to experience NDT in action and to have a presentation by one of our own Colorado Section Members.
