

**Colorado Section of
The American Society
for Nondestructive
Testing**

Thursday, 11 June 2009

**** Past Chairman, Vendors and Planning Nite ****

The Colorado Section must plan activities for the coming year. Please get involved and help us plan to better serve the Section. We all use this occasion to recognize Past Chairman of the Section and seek their wisdom in the planning process.

We also invite NDT vendors to exhibit their current products at this meeting. NDT equipment and material vendors are in important source of information and aid to NDT technology applications. . Members are also invited to bring equipment, samples, etc. that are applied or are being tested for integration into your work and organizations.

This is your night and is important to continuation of the Colorado Section program and service to section members.

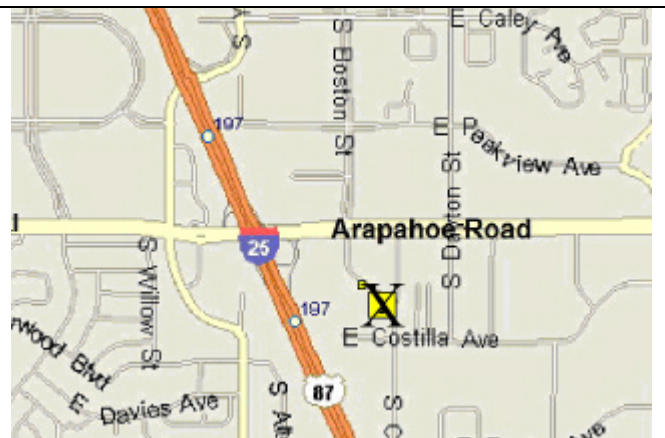

For questions about this or other section activities, please contact Ward Rummel at wardasnt@q.com .or any of the section officers.
