for Nondestructive Testing

19 NOVEMBER 2009 - REMINDER

MEETING AND TOUR AT TTCI – PUEBLO, COLORADO

Note the date change!!

TOPIC: Progress in Railroad Related NDT

Host and Speaker: **Mr. Greg Garcia**

TIME: 1:00 – 4:00 PM

We will start with a short Board of Directors meeting.

LOCATION: The TTCI facility is located approximately thirty miles northeast of the Pueblo Airport.

A map is attached. Please note that once you get to Pueblo, it is still a 30-40 minute drive to TTCI

TTCI is a government facility, so we have to have a list of attendees in advance to issue badges. The following are required:

Name:	
Company Affiliation or self	
Citizenship – US not required, but identification is required	
Evidence of car insurance	

Email you reservation and identification data on or before 12 November data to:

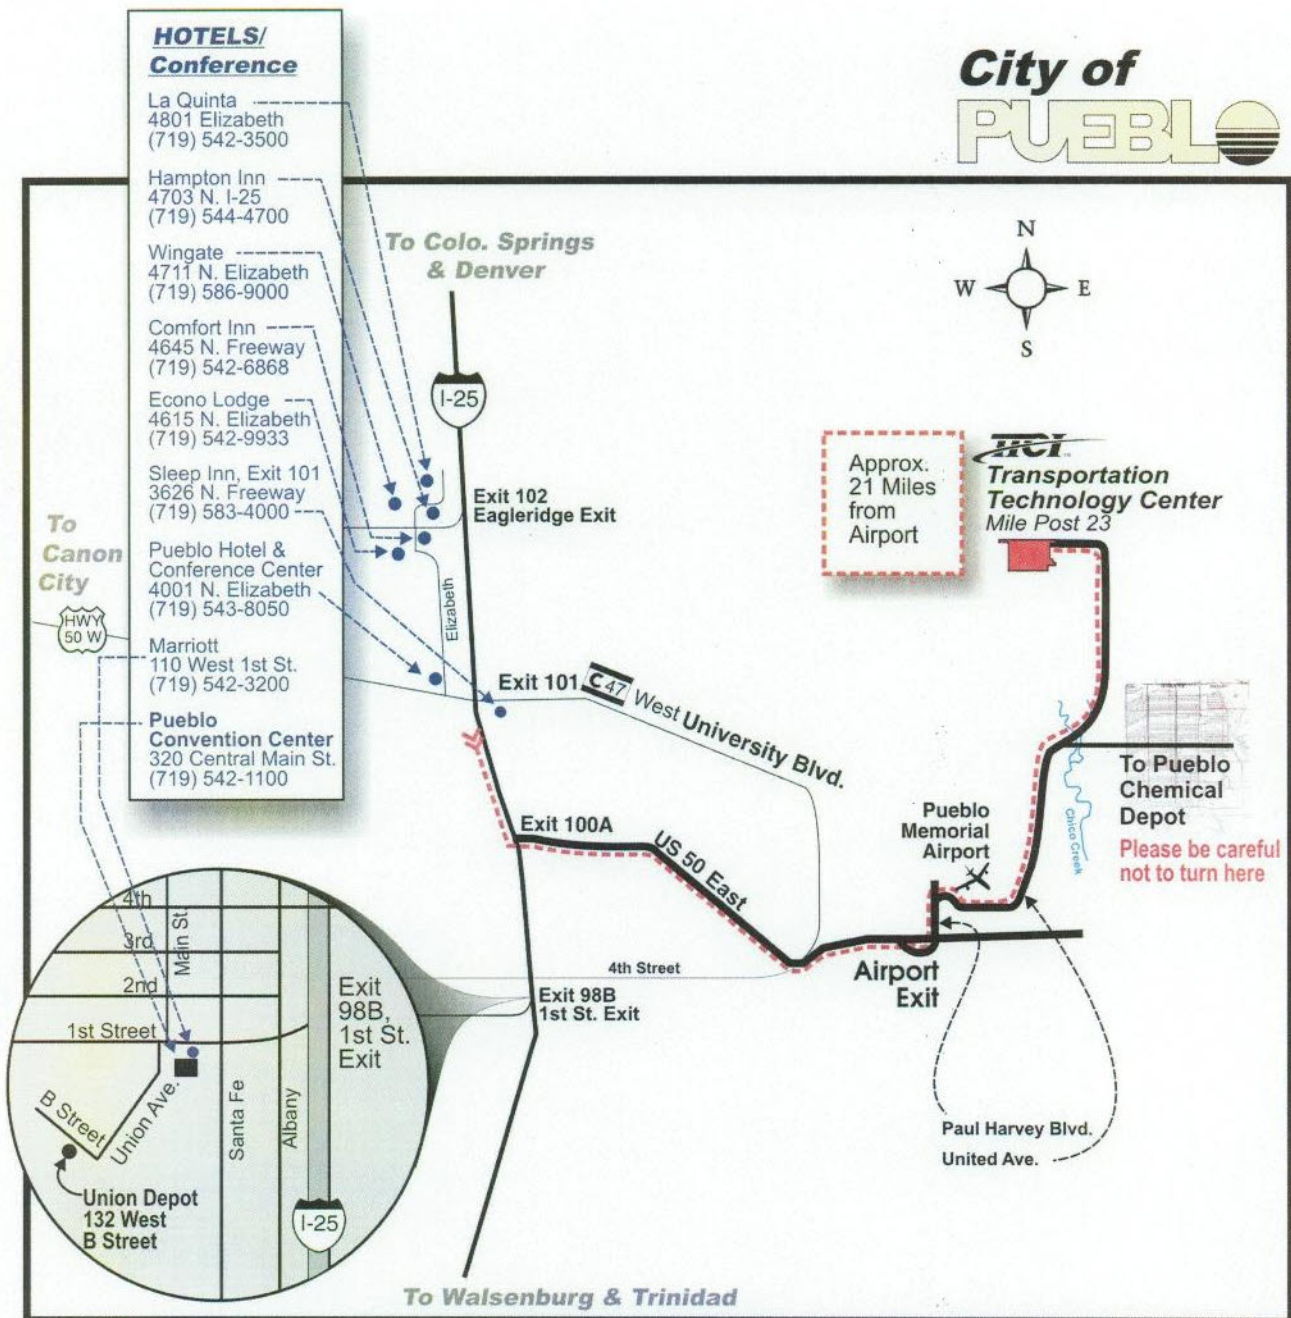

Ward Rummel ----- wardasnt@q.com

Dress should be causal with good walking shoes – no sandals, crocs, tennis shoes or other soft shoes. Hard hats and safety glasses will be provided at TTCI. The 15 day weather forecast is for sunshine, but a light jacket is recommended.

OUR TTCI HOST: Mr. Greg Garcia is a program manager for various NDT related projects; is a long term member of ASNT; and an officer of the Colorado Section of ASNT.

A short overview presentation of the TTCI mission, facilities and operations will be followed by a tour to see a unique laser ultrasonic rail inspection system and developments for rail, tie bar inspections.

Note: Attendees are urged to get lunch at one of the facilities in Pueblo before traveling the TTCI site.

Driving Instructions to TTCI

- From I-25
- Turn East on Exit 100A, follow for approx. 10 miles
- Take the Pueblo Airport exit
- From Paul Harvey Blvd., take the right merge to United Ave., & follow the signs for approx. **21 miles.**
- Please stay on road, **be careful NOT to turn** at the road heading East to the Pueblo Chemical Depot.

DECEMBER MEETING:

Our 10 December 2009 meeting will be a joint meeting with the American Welding Society at the

Welding & Joining Management Group

FORENSIC EXPERTS • METALS TESTING

facility located at:

1070 West 124th Avenue, Suite 700
Westminster, Colorado 80234

Office: 303-451-6759

Dr. Jesse Grantham will host this meeting with a discussion of common challenges to welding and NDT technologies and some experiences in materials testing and failure analysis.

MARK YOUR CALENDARS AND PLAN TO ATTEND AND LEARN!!

The Colorado Section of ASNT is seeking speakers on topics that are relevant to our technology and industries.

If you would like to propose a subject; propose a speaker; be a speaker; or have questions, please contact :
