

Colorado Section of
The American Society
for Nondestructive Testing

Tuesday, 9 March 2010 (NOTE CHANGE OF DATE)

Meeting and tour of the
laboratories of the United
states air force academy

Our Host: DENISE M. BRUCE, Lt Col, USAF
Assistant Professor,
Engineering Mechanics
Deputy for Operations

Time: 3:30 PM – 5:30 PM

Subject: introduction to nondestructive testing (NDT)
“NDT Essential to keep them flying”

Agenda:

Nondestructive Testing is essential to keeping aircraft flying in both the civil and military sectors. This is an opportunity to introduce or renew information on some methods and aspects of nondestructive testing to students and faculty at the Academy; to enhance awareness of nondestructive testing technology as applied in Colorado; and to introduce the Colorado Section of the American Society for Nondestructive Testing (ASNT) to the program and laboratories at the Academy.

We will start with a presentation by Ward Rummel on Nondestructive Testing and how it is used in civil applications and in assuring structural integrity of aircraft.

We will then join students and staff for a short tour of the laboratory facilities at the Academy and will adjourn at approximately 5:30 PM

CLEARANCE: For this program and for entry to the Academy, we require visitor information a minimum of two weeks prior to our entry. Information required includes:

<p>Full Name: Company Affiliation: Citizenship: Current Automobile Insurance Carrier: Contact information : Telephone and email</p>	<p>Information should be sent to: Ward Rummel – wardasnt@q.com This will be used as the sign in list at the Academy</p>
--	--

The United States Air Force Academy and the Colorado Section of the American Society for Nondestructive Testing are neighbors and should be aware of the people, facilities and capabilities that share our joint interests. The Colorado Section of ASNT extends an invitation to both faculty and students to join our local section meetings and to participate in the national conferences of ASNT.

For more information, please check our website: www.asntcolorado.org or the national organization website, www.asnt.org.

Visitors to the Air Force Academy may enter through either the North Gate, which can be accessed from Exit 156B on Interstate 25, 14 miles north of downtown Colorado Springs, or from the South Gate, which can be accessed from Exit 150 on Interstate 25. For more information, call the Visitor's Center at 719-333-2025 or e-mail pa.comrel@usafa.af.mil.
